SIGNED THE CONTRACT

Wrecking Companies to Go to Work on the Maine.

A MAMMOTH UNDERTAKING.

An Effort Will Be Made to Float the Big Cruiser and Tow It to New York, but This May Not Be Accomplished.

Washington, Feb. 23.—Captain Sigbee was heard from in a dispatch which indicates that close attention will be given to the coal bunkers by the naval court of inquiry at Havana. Officials unquestionably have been for some time preparing for any emergency that may arise. The Castine and Cincinnati are to move much further north to West Indian waters, and at Norfolk the monitor Terror has been ordered to be in readiness and may be sent to New York later.

Criticisms lately passed upon the state of the army and our fortifications has caused increased activity in military matters, and to some extent this is responsible for reports arriving from various quarters of movements at army posts.

Secretary Long completed a contract with two wrecking companies to work on the Maine. They will begin at once with 100 men.

The terms of contract provide for the payment to the wrecking companies of the sum of \$871 per day for their regular plant, and an additional payment of \$500 per day for the use of the Monarch while the latter is actually employed.

It is also provided that the compensation shall not exceed the sum of money (\$200,000) appropriated by congress for this purpose. Finally, it is provided that if the companies succeed in raising the Maine and towing her to New York, they shall receive a bonus of \$100,000.

In view of the large first cost of the Maine—about \$5,000,000—and the national desire that she shall be raised, as evidenced by the prompt and unanimous action of congress upon the joint resolution, Secretary Long believes that he is fully justified in making the above terms with the wreckers.

Probably Lieutenant Commander Wainwright, the executive officer of the Maine, now in Havana, will be assigned to the duty of inspecting the work as it proceeds.

The officers of the two wrecking companies said that after the expedition was assembled in Havana harbor a complete inspection of the wreck would be made, and the exact line of work determined upon.

The facilities will be so ample that all the divers will be able to work at one time on different parts of the wreck. Most of the lifting will be done by the smaller derrick, which is of sufficient capacity for the lighter upper works of the Maine, but it will take the monster derrick Monarch to lift the huge turrets of the Maine and the guns mounted within them.

It is the purpose not to separate the big guns from the turrets, but to lift them as a whole. This will be a tremendous undertaking, as the combined weight of each turret and guns is 166 tons. The Monarch can lift 260 tons, so there is an ample margin of lifting power.

The wreckers were loath to express an opinion as to their ability to raise the hull of the Maine. They are hopeful, however, that the ship can be brought to the surface. The iron barge Lone Star will be used to receive the turrets, guns and wreckage, and as fast as loads are made up she will be towed to the Norfolk navy yard.

Sectional Drawing of Maine.

Washington, Feb. 23.—The navy department received the following telegram from Captain Sigbee: "Send to Forsythe for Sigbee transverse sectional drawing of Maine through forward 10-inch magazine and shell room, showing pocket coal bunkers." This request was immediately complied with. It is supposed that Captain Sigbee wants these drawings to assist in the work of raising the ship, as they would be of great aid to the divers. They will be useful also as the basis for the testimony now being taken by the court of inquiry.

In Memory of Maine's Crew.

Cleveland, Feb. 23.—By direction of Bishop Horstman a solemn requiem mass was celebrated in St. John's cathedral, this city, in memory of the dead crew of the battleship Maine. The cathedral was elaborately draped and the function was attended by a crowded congregation. Rev. George Vahey, rector, officiated at the mass, assisted by the cathedral clergy, Rev. Drs. Farrell and Mylott.

BOMB EXPLODED.

Serious Damage to a Residence But No Lives Lost.

Montpelier, France, Feb. 23.—A bomb was exploded at the residence of M. Mesine, a former president of the chamber of commerce. Serious damage was done, but there was no loss of life.

The police have discovered three similar bombs in the vicinity of the headquarters of the staff and at the railroad depot. Several anarchists have been here for some days past.

De Lome Burned In Effigy.

Oxford, O., Feb. 23.—Two hundred students who attend Miami university held high carnival here, which caused intense excitement. The boys assembled in the campus, and with their brass band marched up High street carrying a dummy representing De Lome with a Spanish flag. The procession halted in the public square, where De Lome was burned in effigy, being pulled by the aid of a rope to the top of a telegraph pole. The band played appropriate airs and the citizens cheered, after which the same performance was presented to the young ladies of the Oxford college and the Western.

Ignatius Weds His Stenographer.

Minneapolis, Feb. 23.—The marriage of Miss Marion Olive Hansen and Ignatius Donnelly was solemnized with much pomp and ceremony. The nuptials were celebrated in the church of the bride, the Norwegian Methodist, which was completely filled with an audience of about 600. Outside a vast concourse gathered to catch glimpses of the pretty young bride and the distinguished groom as they entered. The bride, who is 22 years of age, has been for about two years Mr. Donnelly's stenographer.

Clause Suspended.

Washington, Feb. 23.—The interstate commerce commission has suspended the operation of the long and short haul clause of the interstate commerce act in favor of railroad lines in the United States in competition with the Canadian Pacific road as to passenger business between points in the province of Manitoba and contiguous territory and points upon the Detroit and St. Clair rivers.

Arrest of Robbers.

Chicago, Feb. 23.—The mystery surrounding the robbery of the Texas and Southern railroad ticket office at Phoenix, A. T., about a month ago, at which time \$8,000 worth of tickets and \$700 in money were taken, was solved by the arrest and confession of Charles Collins. Collins implicated J. W. Waterman, who is also under arrest. The robbery was a peculiarly daring one.

Holiday Not Observed.

Wilkesbarre, Pa., Feb. 23.—Owing to the mass of business in court Judge Woodward decided there should be no holiday. "But," said he, "I admit that it is appropriate that we observe the day by hearing Washington's farewell address, and I have requested Mrs. Carl to read it." There was a burst of applause at this announcement and the reading was given careful attention.

Indiana Populists.

Indianapolis, Feb. 23.—Three hundred Populists of both the middle-of-the-road and fusionist varieties met here in state convention. Delegates from every Indiana district were present. THE FIRST GUN FIRED

In Opposition to the Annexation of Hawaii.

IT WAS DONE BY A HOOSIER.

Congressman Simpson Denounced Militarism, but When Interrogated Said He Would Not Object to Being One.

Washington, Feb. 23.—Washington's birthday was celebrated in the house, after a motion of Mr. Bailey to adjourn had been voted down, with a vast deal of political speechmaking, and it was also signalized by the firing of the first gun in opposition to Hawaiian annexation. Mr. Johnson, an Indiana Republican, delivered a speech that electrified the house and the galleries in denunciation of what he termed an attempt to cut loose from the traditional policy of the United States.

The remainder of the day was almost entirely consumed with political speeches. Mr. Miers (D., Ind.) made a vigorous arraignment of gold monometallism and the Republican party. Mr. Jones (fusionist, Wash.) delivered a speech in opposition to existing conditions, which aroused the minority to enthusiasm.

Mr. Simpson (Pop., Kan.) created some amusement by some of his rather unique observations. He was speaking of the tendency of the times to produce millionaires on the one hand and paupers on the other, and was directing his remarks especially for Mr. Walker, when Mr. Perkins (R., Ia.) asked him if he would object being a millionaire.

"I should not," replied Mr. Simpson amid laughter. "I don't believe in playing the hypocrite."

Mr. Walker (R. Mass.) replied to Mr. Simpson, denouncing the other side for its reiterated aspersions upon men of wealth. Turning to the southern members, he declared impulsively that he had given to the cause of education in the south more than all of them together had contributed.

"Figure it out," said he, with feeling, "and you will find I have given \$2 for every \$1 you have contributed. I am tired of this abuse. I stand here in the integrity of an honest life. I have given away more than I now possess. You have driven me to this statement, now hang your heads in shame."

Monument to Veterans.

Washington, Feb. 23.—Steps have been taken for the erection of a suitable monument in this city to the memory of the rank and file of the army and navy who served during the late war. The matter is in charge of the National Reunion Monument association, of which Colonel William H. Michael is president. The purpose is to raise \$1,000,000 by popular subscription.

Will Pass the House.

Washington, Feb. 23.—It seems probable that the bill which passed the senate to create two additional regiments of artillery will pass the house without much opposition if it is reported while the house is in its present temper.

Returned to Washington.

Washington, Feb. 23.—The president, accompanied by Secretary Porter, returned to Washington Tuesday evening.

Two Bodies Found.

THE AMERICAN FLAG

Floated From Nearly All Foreign Vessels in New York Harbor.

New York, Feb. 23.—The one hundred and sixty-sixth anniversary of the birth of George Washington was celebrated with more than the usual display of patriotism. Nearly all the ships in the harbor had the American flag floating from their mastsheads. The foreign vessels also celebrated by the display of the national flag. Many of the vessels were dressed as for a gala day with gay bunting. The Spanish war vessel Vizcaya flew the American flag in honor of the day.

Unusually Quiet.

Washington, Feb. 23.—The celebration of Washington's birthday at the capital was unusually quiet. The departments were closed, except the navy department, where a few officials remained to handle urgent business in connection with the Maine disaster.

Two Artillery Regiments.

Washington, Feb. 23.—As soon as the reading of the historic farewell address of Washington was concluded by Mr. Lodge of Massachusetts Mr. Hawley of Connecticut, chairman of the military affairs committee, called up the bill providing for the enlistment of two additional regiments of artillery for service in manning the heavy coast defense batteries. It was passed. A resolution was adopted to ascertain whether a battleship to be known as George Washington and to be superior to anything afloat could be built in the United States within a year.

Negro Postmaster Assassinated.

Lake City, S. C., Feb. 23.—Postmaster Baker, a negro, and his child were shot to death and their bodies cremated. It is said that a mob numbering several hundred surrounded Baker's house, where the postoffice is kept, set fire to the building and opened fire with guns upon it. Baker was killed and his wife, two daughters and one son were seriously wounded. The woman had a baby in her arms, and she says that the ball that went through her hand passed through the baby, killing it, and it fell from her arms.

Hurricane in Honolulu.

Honolulu, Feb. 23.—One of the most severe storms ever experienced in Honolulu took place on the morning of the 12th. The wind developed into a hurricane and the rain came down in torrents. The thunder was terrific and lightning flashes followed in quick succession. The storm reached its height about 4 o'clock, when the velocity of the wind must have exceeded 50 miles an hour.

Result of a Conspiracy.

Montreal, Feb. 23.—Mr. D. McNicol, general passenger traffic manager of the Canadian Pacific railroad, says that the cut in their local passenger rates is not made because of the Grand Trunk's cut, but because the Grand Trunk is conspiring with the western roads to undermine the general business of the Canadian Pacific.

Taken In by Thieves.

Chicago, Feb. 23.—Edward Schultz, Peter Raven, Harry Wright and William Prendergast, said by the police to be four of the cleverest confidence men in the country, were arrested charged with swindling Christian Wuster of Dawson, Neb., out of \$3,000 in currency and \$2,000 in checks. All the money was recovered.

Formed a Combination.

Chicago, Feb. 23.—It is now reported that the Great Northern and the Northern Pacific roads have joined hands to bring about an abolition of all Canadian Pacific differentials, and will insist that it be an indispensable element in the settlement of the present transcontinental rate war.

Ohio Troops Available.

Columbus, O., Feb. 23.—Adjutant General Axline said that if war were to be declared on Spain 10,000 Ohio troops could be assembled in Cincinnati in 24 hours, 48 hours later they would be in Miami, Fla., and in another day could be landed at Matanzas, Cuba, a port in the hands of the insurgents.

Sued For Divorce.

Indianapolis, Feb. 23.—Mrs. Estella Trumbull brought suit for divorce in the local courts against Oliver Trumbull, whose stage name is Ollie Mack. He is an Irish comedian and his wife alleges that he is now paying too much attention to a Chicago woman.

Declined by Oxford.

London, Feb. 23.—The Exchange Telegraph company says the Oxford University Athletic club committee has decided that it can not entertain the challenge of the American universities for the international contest during the coming summer.

Fine Carnival Weather.

New Orleans, Feb. 23.—Bright and beautiful weather marked the celebration of Mardi Gras here. Except that the air was chilly it was typical carnival weather.

MURDER IS CHARGED.

Prominent Indiana Citizen Arrested on a Warrant

AT INSTANCE OF GOVERNOR.

This Is a Sequel to the Versailles Lynchings of Last September and Other Arrests Are to Follow at Once.

Versailles, Ind., Feb. 23.—C. H. Hughes, superintendent of the county infirmary, and a very prominent citizen, was arrested by Constable Jesse Hunter of Cross Plains on a warrant sworn out by Governor Mount, charging him with having killed Henry Shuter on Sept. 15, 1897. In other words he is charged with being one of the Versailles lynchers.

Constable Hunter also has a warrant for the arrest of Isaac Wright, formerly barkeeper at the Hotel Norwood at Osgood, but who now resides in Chicago, having gone there after an attempt to assassinate him was made some two weeks ago.

A large number of witnesses have been subpoenaed from Osgood and Versailles. Other arrests will follow. The action of Governor Mount in prosecuting those who participated in lynching five outlaws here last September is causing great excitement, as it will involve many prominent citizens.

It is known that Governor Mount has had detectives on the case ever since last September, and it is thought he is now ready to make numerous arrests.

PRESIDENT MCKINLEY might send another big warship to Cuban waters for the accommodation of the treacherous Spaniards, as it comes just to their hands to destroy our navy piecemeal.

BECAUSE of the number of criminals pardoned by President McKinley, and the character of the crimes committed by the pardoned men, the Chicago Record asks: "Is the free and unlimited circulation of defaulting bank officials and embezzlers to be the financial policy of this country?"

A MONUMENT to the extravagance of Congress can now be seen at Richmond, Ky. During the public building craze a few years ago the sum of \$125,000 of the people's money was spent in erecting a building at that point. The Internal Revenue Collector's office is to be removed to Danville, and when that is done the structure will be closed with the exception of the lower floor, which is used for a postoffice which could be accommodated in a \$5,000 building.

THE Philadelphia Record thus refers to a new trust: "The biscuit and cracker trust has now been organized. It controls 139 plants, or 90 per cent. of all the large bakeries between the Atlantic Ocean and the Rocky Mountains. It has a capital of \$25,000,000 preferred and \$30,000,000 common stock. Its intentions are angelic. It does not propose to increase prices. Its only aim is to promote economies in manufacturing processes. But—competitors had better stand out of the way."

THE ODDFELLOWS' HOME.

Millersburg, Lexington and Bowling Green
the Only Cities That Bid For It.

LOUISVILLE, Feb. 22.—The committee of the Grand Lodge on the Oddfellows' Widows' and Orphans' Home has been in session here to-day since 1 o'clock, but no action as to the location of the Home has yet been taken.

Only three towns, Bowling Green, Millersburg and Lexington, presented bids. All the bids are very close and the meeting will probably result in the appointment of a sub-committee to look into the peculiar advantages of each bidder, and a consequent delay in locating the home.

Millersburg's offer includes a college building and grounds valued at over \$40,000.

A SYNDICATE of Western editors offered a prize of \$1,000 for the best appeal poem to newspaper subscribers to pay up their subscriptions. The editor of the Rocky Mountain Call was awarded the prize for the following touching poem:

Lives of poor men oft remind us
Honest men won't stand a chance,
The more we work there grow behind us
Bigger patches on our pants.
On our pants, once new and glossy,
Now are stripes of different hue,
All because subscribers linger,
And won't pay us what is due.
Then let us all be up and doing,
Send your mite, however small,
Or, when the snow of winter strikes us,
We shall have no pants at all.

At the court house last night the local G. A. R. were the only patriotic organization in Maysville, at least to all intents and purposes. The day was allowed to pass unheeded almost, but at night the large audience in the temple of justice lacked no enthusiasm, applauding the tableaux and allusions to America with vim, vigor and victory rings. Miss Anabel Brock Archer was the bright particular luminary around whom showed some local lights, who taking their part very well, but added force to her ability and accentuated her grace, ease and elocutionary ability. Her selections in reading and recitations were happy and capably done and the local camp are enthusiastic in their praise of her. The sum netted was a comfortable one and the occasion one which gave pleasure to a large company of veterans and friends.

FOUR BILLS.

The Result of Kentucky Legislative Work
So Far, and the Governor May
Veto Two of Them.

The result of the legislative session, as far as passing bills is concerned, is four bills that are now in the hands of the Governor.

One of these is the Bronston Prison Commission bill, which is almost certain to be vetoed by the Governor, because it's more than he bargained for when he recommended such legislation. Another is the McChord Freight Rate bill, and its chances are hanging in the balance, as it may be vetoed also.

The Prison Commission bill may have a chance to win out over a veto, but the Republicans have agreed on dilatory tactics on all important measures for the remainder of the session, and may fight off a final vote to pass it over the veto.

Counting to-day there will be only eighteen more legislative days this session, and any bills passed after this week that are vetoed will have but small chance of being passed over the veto, as the Governor has ten days in which to approve or disapprove a bill after it reaches him. He can hold up his veto till the tenth day, and the Legislature will then have but a day or two to act on the returned bill. The Republicans can filibuster and delay matters for a few hours each day and then effectually prevent the veto being overridden.

"With the House Democrats split up over the Goebel Election bill and the Senate Democrats at logger-heads over the Local Option bill, the outlook for any more important legislation this session is not very hopeful. To accomplish anything the Democrats must get together and fight for proper legislation, just as if they had but two majority in the Legislature instead of the dangerous majority of sixty-six," says a Frankfort correspondent.

In addition to the four bills that have reached the Governor, eight others have passed both houses.

About forty bills have passed the Senate alone, and from fifty to sixty have passed the House alone. About 100 bills have been killed in the two houses, leaving about 400 that have not been acted upon finally. Many will die in committees.

RETURN OF STEAMERS.

From Skaguay With More Passengers
Than Gold on Board.

Victoria, B. C., Feb. 23.—Three steamers, Danube, The Thistle and Tees, have returned from Skaguay, each with a few Dawsonites on board. There was little gold on board.

Passengers from Skaguay bring news of a blockade of the Dyea trail by miners and packers, who resisted a demand of a detachment of United States troops to go over the trail before them. It was feared at Dyea that trouble would arise over the affair.

A shooting affair occurred at Skaguay in front of a saloon. Tom Ryan shot and wounded a newcomer, whose name was not given. Ryan was promptly arrested and taken to Sitka for trial.

Mike Quinlan, formerly of Minneapolis, has been appointed marshal of Skaguay. A jail was provided.

Two men whose names are not known were detected robbing a cache at Sheep camp and one of them, while trying to escape, turned and fired at his pursuers, who returned his fire and dropped to the ground.

Thinking he had killed the man the fugitive turned the revolver on himself and sent a bullet through his brain.

The other man was taken back to Dyea, where he was paraded through the streets with a placard on him setting forth that he was a thief. He was afterwards lodged in jail.

Complaints are being made at Skaguay in relation to the number of men arriving there by each boat without means of subsistence.

Tipton, Ind., Feb. 23.—The Maine disaster is the direct cause of the organization of a company of the Indiana national guard, completed in this city. Six months ago an effort was made to enroll a company in Tipton, but the requisite number of names could not be obtained. The war talk resulted in the muster roll receiving 100 names.

THE TOURISTS.

They Learn Something of Theatres and
Theatre-Going in Old London.

Tuesday afternoon the Tourists answered to roll call with miscellaneous quotations, and then took up the subject of London amusements.

Theatre-going, it seems, is an expensive luxury, the best theatres charging from \$1.50 to \$3.50 a seat. Programs are not free. You buy one from the usher, and do not expect your change, unless you are insured to disappointment. But the performances are given in great perfection, to the most minute detail. If an opera, why, the chorus can sing. If there's a ballet, all are toe dancers; in fact, a regular "all-star cast" all around. Then the "no hat" ordinance is as inviolable as the laws of the Medes and the Persians; and one really sees what one pays to see.

In striking contrast to the cost of the entertaining of the masses, are the pleasure resorts of the masses. The Crystal Palace, with its concerts, museum, pleasure grounds, boating, etc., costs but a shilling, and the world famous Zoological Gardens but sixpence.

Perhaps this may explain why England is so full of cads and cockneys. By the great horn spoon, 'ow can h'a chap h'afford to be h'anything h'else, according to the English standard of a gentleman?

Samples of British Justice.

[Chattanooga News.]

We have had lately many proofs of the inflexible nature of British justice. Oscar Wilde, a sprig of nobility, a person of much literary repute, having a powerful family pull, was sent to prison, condemned to hard labor, and he went and served out his time; so will Lord Neville. It is but a few months since a Countess was released from prison, where she had served her time for criminal libel. When the Prince of Wales became mixed into the Tranby Croft baccarat scandal and got into court as a witness, no deference was shown him that would not be shown any well dressed man who bore about him the outward seeming of gentility.

The venerable Mrs. Jane Outten died Tuesday morning at 10:45 o'clock at the home of her son, Mr. Coburn D. Outten, of West Third street, of general debility. She had been very feeble several months. Last fall she fell and injured herself, since which time she had been unable to leave her bed.

Deceased was born November 28, 1815, and was consequently in her eighty-third year. She was a daughter of the late Evan Ricketts, and leaves one sister, Mrs. Thomas Neal, of this city, and three brothers, John, Evan and David Ricketts, all of Bloomington, Ill. She was the widow of Ephraim Outten who died years ago. Four children survive her, Mr. Coburn Outten, and Mrs. S. B. Chunn, of this city, Mrs. John H. Hutchison, of Memphis, Neb., and Mr. Eph. Outten, of Princeton, Ky.

Deceased was one of the oldest and most faithful members of the Christian Church,—a noble Christian woman who enjoyed the love and esteem of a large circle of friends.

The funeral will occur to-morrow afternoon at 2 o'clock at the residence of Coburn D. Outten, 247 West Third street, Rev. W. W. Hall officiating. Burial in the Maysville Cemetery.

THE WHEAT MARKET.

Another Advance Predicted in the Near Future.

CHICAGO, Feb. 22.—Wheat is slated for another advance, and the upturn will be a repetition of what the public has seen in the past week or ten days. George French, Leiter's lieutenant, admits that the wires are laid for another boost.

More of the clique wheat is to be moved as soon as possible. Leiter's May line is larger than it was a week or ten days ago, and the trades that have been made in the pit were generally the selling of one "short" to another. Traders are expecting Leiter to manipulate July.

COMMITTEE'S APPEAL.

Maysville Property Owners Asked to Aid Washington Fire Company—Subscriptions to Date.

The following is self-explanatory:

To the Property Owners and Citizens of Maysville: On Sunday morning, January 30th, the Washington Fire Company lost by fire their home together with the opera house upon which they depended for their support and upon which our citizens depended for an amusement hall. In the destruction of the building there went up in smoke and flame the hard earnings of the company, covering a period of forty-eight years and amounting to over \$12,000. They are now without shelter and without a single dollar—nothing left save their honor. The firemen of our city have always been faithful to duty in saving our property, and upon many occasions have saved our city from total destruction. It is now proposed, and due them, to rebuild their home, and for this purpose a subscription has been started and a liberal amount secured. Will you be one to assist in this effort by a subscription? Respectfully,

THOMAS A. DAVIS,
ALFRED CALHOUN,
J. D. DYE,
WM. H. COX,
HORACE J. COCHRAN.

Every property owner in the city is directly interested in this matter, and a liberal response to this appeal will enable the company to begin the work of rebuilding as soon as spring opens.

If you have not subscribed and desire to do so, send your name either to the BULLETIN or to any of the above committee, stating amount.

In the case of Bowen against Long, taken up from Nicholas County, the Court of Appeals in affirming, says:

The appellant holding the office of Assessor was adjudged a lunatic and sent to the asylum. During his confinement therein the office was declared vacant by an order of the County Court. The appellant afterward recovered and was discharged from the asylum, and brought an action to recover his office, basing his action upon the failure of the County Court to give him notice of the pending of the proceeding in which the office of Assessor was declared vacant. Held: That as the judgment of conviction of lunacy was not attacked, a notice of the order to declare a vacancy was immaterial, appellant being under said judgment civilly dead.
